

HURST STORES

EMPLOYEE ACKNOWLEDGEMENT OF WORKERS' COMPENSATION NETWORK

Hurst is committed to providing a safe and healthy workplace for our employees. Preventing injuries and illnesses is a primary objective. However, in the event of an on-the-job accident or injury Hurst provides comprehensive workers' compensation insurance program at no cost to employees. This program covers any injury or illness sustained in the course of employment that requires medical, surgical, or hospital treatment. Subject to applicable legal requirements, workers' compensation insurance provides benefits after a short waiting period or, if the employee is hospitalized, immediately.

Employees who sustain work-related injuries or illnesses should inform their supervisor immediately. No matter how minor an on-the-job injury may appear, it is important that it be reported immediately. This will enable an eligible employee to qualify for coverage as quickly as possible.

If an employee is injured, we will use our return to work process to provide assistance. We will get immediate, appropriate medical attention for employees who are injured on the job and will attempt to create opportunities for them to return to safe, productive work as soon as medically possible.

Our ultimate goal is to return injured employees to their original jobs. If an injured employee is unable to perform all the tasks of the original job, we will make every effort to provide alternative productive work that meets the injured employee's capabilities.

I have received information that tells me how to get health care under Workers' Compensation Insurance.

If I am hurt on the job and live in the service area described in this information, I understand that:

- 1. If I need emergency care, I may go anywhere.**
- For non-emergency care, Hurst Stores / Hurst Company prefers injured employees be seen first at the following locations:
